Integrating Project Delivery

Description: Practical Guidelines for Aligning Project Collaborators for Optimal Delivery

Every project can benefit from integration; integration creates synergies that lead to higher performing buildings and happier building users, clients, and project teams. Integrating Project Delivery offers the first comprehensive look at the emergent integrated project delivery (IPD) system. It uses the Simple Framework to organize the essential steps for integration and combines the key structural, process, technology, and behavioral components necessary to drive the behavioral change required to achieve high performance projects.

Detailing the "why" and "how," Integrating Project Delivery helps students and practitioners alike develop a deep understanding of the value of an IPD system to bring stakeholders together early in the planning process to maximize talents and improve project clarity, execution, and, ultimately, success. Written as a guide to using IPD strategically and in daily work, this unique resource includes detailed explanations, discusses legal structures that support the process, and features case studies revealing how leading companies use IPD.

You will learn how to change the way your organization works and delivers projects using:

- Authoritative education on processes developed through industry-funded research at Stanford University's Center for Integrated Facility Engineering
- Practical knowledge gained from all sizes and types of IPD projects
- Real-life examples and advice from owners based on their IPD journeys

Students learn how collaborative projects are organized and executed to prepare them for the industry transition to collaboration. Owners, designers, and builders learn how to use IPD to achieve better value for all participants, together.

Contents:
Foreword xi
By William McDonough, FAIA, Int. FRIBA

Foreword xv
By Phillip G. Bernstein, FAIA, RIBA, LEED® AP, VP Strategic Industry Relations, Autodesk, Inc.

Preface xix
Acknowledgments xxvii

CHAPTER 1 What Would Make Us Proud? 1
1.1 Current State of Facility Performance 1
1.2 What If? 3
1.3 A Way Forward 5

Notes 9
References 9

CHAPTER 2 Transitioning to Integrated Project Delivery: The Owner’s Experience 11
2.1 The Road to IPD 13
Ordering:

Order Online - [http://www.researchandmarkets.com/reports/2211312/](http://www.researchandmarkets.com/reports/2211312/)

Order by Fax - using the form below

Order by Post - print the order form below and send to

Research and Markets,
Guinness Centre,
Taylors Lane,
Dublin 8,
Ireland.
Fax Order Form
To place an order via fax simply print this form, fill in the information below and fax the completed form to 646-607-1907 (from USA) or +353-1-481-1716 (from Rest of World). If you have any questions please visit http://www.researchandmarkets.com/contact/

Order Information
Please verify that the product information is correct.

Product Name: Integrating Project Delivery
Web Address: http://www.researchandmarkets.com/reports/2211312/
Office Code: SC

Product Format
Please select the product format and quantity you require:

<table>
<thead>
<tr>
<th>Quantity</th>
</tr>
</thead>
<tbody>
<tr>
<td>Hard Copy (Hard Back):</td>
</tr>
</tbody>
</table>

* Shipping/Handling is only charged once per order.
* The price quoted above is only valid for 30 days. Please submit your order within that time frame to avail of this price as all prices are subject to change.

Contact Information
