China Infrastructure Construction: Market Update

Description:
"China Infrastructure Construction: Market Update" presents detailed data on market growth dynamics for the infrastructure construction market in China. It also provides data on market drivers and indicators, along with leading companies and latest construction projects in China infrastructure construction market. Furthermore the report enables readers to examine the components of change in the industry by looking at historic and future growth patterns broken down by segment.

It should be noted that a number of sections in this report will link clients to The Intelligence Centre's (ICs). The information provided in the ICs is for subscribers only and therefore comes at a set cost. With this in mind, the given links should only be treated as references used in order to provide a better data interactivity.

Summary:
This report is the result of extensive market research covering the infrastructure construction market in China. It contains detailed data on market dynamics along with latest industry happenings, industry players and happening projects in China. "China Infrastructure Construction: Market Update" provides a top-level overview and detailed insight into the operating environment of the infrastructure construction market in China. It is an essential tool for companies active across the China construction value chain and for new players considering to enter the market.

Scope:
"China Infrastructure Construction: Market Update" provides you with the following:
- Infrastructure Construction Highlights
- Infrastructure Construction Output by Sector
- Market Growth Dynamics by Sector
- Market Growth Comparison
- Key Market Drivers and Indicators
- Latest Construction Projects
- Leading Construction Companies

Reasons To Buy:
- Enhance your understanding of the infrastructure construction market in China.
- Promote growth in your business with detailed market growth dynamics by sector, as well as by market comparison.
- Identify the future pattern of market trends, from winners and losers to market dynamics; and thereby quickly and easily indentify the key areas in which they want to compete in the future.
- Familiarise yourself with the companies active in China infrastructure construction market.
- Improve your knowledge of the latest construction projects in China.

Contents:
1 China Infrastructure Construction - Highlights
2 Latest Interactive Data
2.1 Infrastructure construction driver - Cement and steel production: China
2.2 Road Infrastructure in China, Output, By Sector
2.3 Infrastructure Construction Output in China. By Project Type
2.4 Rail Infrastructure in China, Output, By Sector
2.5 Infrastructure Construction in China, Output, By Sector
2.6 Infrastructure Construction in China, Value-Add, By Sector
2.7 Infrastructure Construction in the BRIC countries, by Sector
3 Latest Projects
3.1 GCIG - Leye to Baise Highway - Guangxi
3.2 Zhuoda - Weihai Terminal Facility - Shandong
3.3 Zhuoda - Weihai Terminal Facility: Phase II - Shandong
3.4 XRTG - Xiamen Metro Line 6 - Fujian
3.5 XRTG - Xiamen Metro Line 2 Phase II - Fujian
3.6 XRTG - Xiamen Metro Line 4 - Fujian
3.7 JIL - Jinzhou Civil Airport - Liaoning
4 Leading Companies
4.1 China Railway Group Limited
4.2 China Railway Construction Corporation Limited
4.3 China Communications Construction Company Limited
4.4 China Metallurgical Group Corporation
4.5 China State Construction Engineering Corporation Ltd.
