Energetic Materials, Vol 69. Advances in Quantum Chemistry

Description: Advances in Quantum Chemistry presents surveys of current topics in this rapidly developing field that has emerged at the cross section of the historically established areas of mathematics, physics, chemistry, and biology. It features detailed reviews written by leading international researchers. This volume focuses on the theory of heavy ion physics in medicine.

- This volume presents a series of articles concerning current important topics in quantum chemistry. The invited articles are written by the best people in the field

Contents:

- Detonation Performance and Sensitivity: A Quest for Balance
  Peter Politzer and Jane S. Murray

- On the Release of Stored Energy from Energetic Materials
  Elliot R. Bernstein

- Quantum-Chemical Modeling of Energetic Materials: Chemical Reactions Triggered by Defects, Deformations, and Electronic Excitations
  Maija M. Kuklja

- Geometric Metastability in Molecules as a Way to Enhance Energy Storage
  Ajith Perera and Rodney J. Bartlett

- Quantum-Informed Multiscale M&S for Energetic Materials
  DeCarlos E. Taylor and Betsy M. Rice

- The Reactivity of Energetic Materials Under High Pressure and Temperature
  M. Riad Manaa and Laurence E. Fried

- Ab Initio Chemical Kinetics of Key Processes in the Hypergolic Ignition of Hydrazine and Nitrogen Tetroxide
  Putikam Raghunath, N. T. Nghia and Ming-Chang Lin

- Material Dependence of Water Interactions with Metal Oxide Nanoparticles: TiO2, SiO2, GeO2, and SnO2
  Marta Galynska and Petter Persson

Ordering:

Order Online - http://www.researchandmarkets.com/reports/2735889/

Order by Fax - using the form below

Order by Post - print the order form below and send to

Research and Markets,
Guinness Centre,
Taylors Lane,
Dublin 8,
Ireland.
Fax Order Form
To place an order via fax simply print this form, fill in the information below and fax the completed form to 646-607-1907 (from USA) or +353-1-481-1716 (from Rest of World). If you have any questions please visit
http://www.researchandmarkets.com/contact/

Order Information
Please verify that the product information is correct.

Product Name: Energetic Materials, Vol 69. Advances in Quantum Chemistry
Web Address: http://www.researchandmarkets.com/reports/2735889/
Office Code: SC

Product Format
Please select the product format and quantity you require:

Quantity
Hard Copy (Hard Back): USD 225 + USD 30 Shipping/Handling

* Shipping/Handling is only charged once per order.
* The price quoted above is only valid for 30 days. Please submit your order within that time frame to avail of this price as all prices are subject to change.

Contact Information
Please enter all the information below in BLOCK CAPITALS

Title: Mr ☐ Mrs ☐ Dr ☐ Miss ☐ Ms ☐ Prof ☐
First Name: ___________________________ Last Name: ___________________________
Email Address: * ___________________________
Job Title: ___________________________
Organisation: ___________________________
Address: ___________________________
City: ___________________________
Postal / Zip Code: ___________________________
Country: ___________________________
Phone Number: ___________________________
Fax Number: ___________________________

* Please refrain from using free email accounts when ordering (e.g. Yahoo, Hotmail, AOL)
Payment Information

Please indicate the payment method you would like to use by selecting the appropriate box.

☐ Pay by credit card: You will receive an email with a link to a secure webpage to enter your credit card details.

☐ Pay by check: Please post the check, accompanied by this form, to:
Research and Markets,
Guinness Center,
Taylors Lane,
Dublin 8,
Ireland.

☐ Pay by Wire Transfer: Bank details will be provided on the invoice which you will receive after you place your order with us.

If you have a Marketing Code please enter it below:
