North America Clinical Data Analytics In Healthcare – Growth, Trends And Forecasts (2016 - 2021)

Description: Big Data is the new buzzword in Healthcare industry. Experts are now realizing its benefits and adopting different solutions as per the requirements. One such solution which is seeing a high adoption rate is Clinical Data Analytics. New electronic health record systems and health information exchanges are transforming the ways in which patient data is exchanged. This data is ultimately being analyzed and used by healthcare providers for the larger population as a whole. These solutions are also helping in cutting down costs of clinical trials and make healthcare processes more efficient.

The report deals with North America Clinical Data Analytics solutions market for the period 2014-2019. This region has a share of more than 55% globally and is estimated to cross $3 billion mark by the end of 2016. Accounting 40% of the clinical trials worldwide, the U.S. remains the major market for these solutions in North America.

The report also focuses on different industry policies and factors which are driving the market growth. Report also provides key insights into strategies, market shares and solutions of key vendors like IBM, Caradigm, CareEvolution, Cerner, Explorys, InterSystems, McKesson, Wellcentive, Athenahealth and Truven Health Analytics.

The report covers the entire market in four major parts:

While Section 1 is introductory, Section 2 gives an overview of the North America Clinical Data Analytics solutions market. It delves into the technology snapshot, drivers and restraints, growth prospects of the industry and value chain analysis of the industry.

Sections 3 breaks down the market by regions and analyzes the growth, trends and forecasts. This section also focuses on market shares of major players, their products and services along with our analysts' views of the market. This is done with the aim to give a complete overview of the market to the reader and help them draw their own conclusions about the market.

Section 4 deals with the competition among Clinical Data Analytics solution vendors and gives a comparison of their products along with recent mergers and acquisitions that have happened over the last year.
