Demystifying Explosives

Description: Demystifying Explosives: Concepts in High Energy Materials explains the basic concepts of and the science behind the entire spectrum of high energy materials (HEMs) and gives a broad perspective about all types of HEMs and their interrelationships. Demystifying Explosives covers topics ranging from explosives, deflagration, detonation, and pyrotechnics to safety and security aspects of HEMS, looking at their aspects, particularly their inter-relatedness with respect to properties and performance. The book explains concepts related to the molecular structure of HEMs, their properties, performance parameters, detonation and shock waves including explosives and propellants. The theory-based title also deals with important (safety and security) and interesting (constructive applications) aspects connected with HEMs and is of fundamental use to students in their introduction to these materials and applications.

- Explains the concept of high energy materials in simple language and down-to-earth examples
- Worked examples and problems are given wherever required
- Demystifies the concept of explosives
- Limited use of big and complex equations
- Questions and Suggested Reading are given at the end of each chapter

Contents:
1. In pursuit of energy and energetic materials
2. Energetics of Energetic Materials
3. Two faces of explosion: Deflagration & Detonation
4. HEMs
   The facets of explosive performance
5. The propulsive facet of HEMs
   I (Gun Propellants)
6. The propulsive facet of HEMs
   II (Rocket Propellants)
7. HEMs in pyrotechnics
8. HEMs: Concerns of safety
9. HEMs: Concerns of Security
10. HEMs: Characterization and Evaluation
11. HEMs: Trends & Challenges
12. HEMs: Constructive applications

Ordering:
Order Online - http://www.researchandmarkets.com/reports/3084334/
Order by Fax - using the form below
Order by Post - print the order form below and send to
Research and Markets,
Guinness Centre,
Taylors Lane,
Dublin 8,
Ireland.
Fax Order Form
To place an order via fax simply print this form, fill in the information below and fax the completed form to 646-607-1907 (from USA) or +353-1-481-1716 (from Rest of World). If you have any questions please visit http://www.researchandmarkets.com/contact/

Order Information
Please verify that the product information is correct.

Payment Information

Please indicate the payment method you would like to use by selecting the appropriate box.

☐ Pay by credit card: You will receive an email with a link to a secure webpage to enter your credit card details.

☐ Pay by check: Please post the check, accompanied by this form, to:

Research and Markets,
Guinness Center,
Taylors Lane,
Dublin 8,
Ireland.

☐ Pay by Wire Transfer: Bank details will be provided on the invoice which you will receive after you place your order with us.
