Global Healthcare Providers Analytics Market - Growth, Trends & Forecast To 2021

Description: The Global Healthcare Providers Analytics market is estimated to be valued at $XX for the year 2014 and is expected to reach $XX million by the end of 2020. The CAGR during this period of forecast is XX%. Occurrence of Big Data in healthcare, introduction of federal healthcare strategies, increased focus on data collection & analysis for better customer service, development in clinical outcomes, swift technological developments & rise of social media and its impact on the healthcare industry are the major factors driving the growth of the global Healthcare analytics market.

However lack of proper capable labor, data integrity issues, cost & complexity of the software and major hostility from the medical industry towards accepting an IT based approach are hindering the growth of the market. Adoption of new technologies, cost-effectiveness, low reimbursement rates, huge patient volume from HIEI and Medicaid rolls expansion are the factors posing challenge. The Providers Healthcare Analytics market is segmented on the basis of Technology/Platform (Predictive Analytics, Prescriptive Analytics, and Descriptive Analytics), Component (Software, Hardware and Services), Mode of Delivery (Cloud Based model, Web hosted model, and on premise model), and Geography (North America, Europe, Asia Pacific and Rest of the World).
